

# YourSource:

HERE FOR YOUR PATIENTS

YourSource is a support network to help patients start and continue treatment as prescribed

Refer to the last page for a simple enrollment checklist.

**DIANA**  
Nurse on the  
YourSource™ Care Team

## LET'S RALLY AROUND YOUR PATIENTS

YourSource is committed to providing educational support and resources to patients taking Oxbryta® (voxelotor) and to their Authorized Caregivers.\*

We're here to help your patients start and continue Oxbryta treatment as you've prescribed.

\*An Authorized Caregiver is someone who is legally authorized to make decisions on behalf of the patient.

To learn more, call

**(833) 428-4968, Option 1**

M-F, 8am-8pm ET | [YourSourceSupport.com](https://www.your-source.com/YourSourceSupport.com)

# YourSource ENROLLMENT PROCESS<sup>†</sup>

## Enrolling your patients

- Your office will complete and send all necessary prescription/enrollment information to YourSource
- Patient (or Authorized Caregiver) completes and signs Patient Authorization and Consent Form, and Form is sent to YourSource
- **NOTE:** You can complete the enrollment process with the HCP Portal. See page 6 for more information

## YourSource reviews benefits and coverage requirements

- Informs your office of any prior authorization requirements
- Informs your office of appeal requirements, if needed

## YourSource communicates benefits investigation findings to insured patients

- YourSource will call patient (or Authorized Caregiver) to inform them of out-of-pocket costs and potential financial assistance programs and eligibility requirements<sup>‡</sup>
- Informs your office of discussion with patient and next steps

## Specialty Pharmacy fulfillment

- YourSource sends Prescription/Enrollment Form to Oxbryta Specialty Pharmacy Network
- Specialty Pharmacy contacts patient (or Authorized Caregiver) to schedule Oxbryta prescription delivery

## Ongoing refill and adherence services

- Specialty Pharmacy contacts patient (or Authorized Caregiver) on a monthly basis to refill Oxbryta and schedule prescription delivery
- After patient consent has been obtained, YourSource will continue ongoing contact with patient (or Authorized Caregiver) to provide education on access and adherence

<sup>†</sup>Process is subject to variability per patient's coverage type.

<sup>‡</sup>Subject to eligibility and certain terms and conditions (see page 7).

**BRENEE**  
 Wife, mother, nurse,  
 and Oxbryta® (voxelotor)  
 patient enrolled in  
 YourSource

**YourSource Care Coordinators**

- Provide reimbursement support to eligible patients
- Discuss and verify insurance benefits
- Communicate if prior authorization is necessary
- Inform you and your patients (or their Authorized Caregivers) about out-of-pocket costs
- Provide information about appeals process if coverage is denied

**YourSource Nurse Support Team**

- Provides adherence education
- Answers general questions about treatment with Oxbryta
- **NOTE:** The Nurse Support Team does not provide medical advice or case-management services. Patients should always talk with you, their healthcare provider, if they need guidance about their specific condition or overall health

**YourSource Access Navigators**

- Your regionally aligned Access Navigator can answer general questions and provide information on access requirements related to Oxbryta, including YourSource resources, navigating the insurance process, and the Pfizer Patient Assistance Program\*
- Access Navigators also contact patients who opted in during enrollment to schedule and provide an introductory session about the services provided by YourSource

**Your Patients' Specialty Pharmacy<sup>†</sup>**

- Coordinates shipment of Oxbryta once prescribed
- Follows up with patients (or their Authorized Caregivers) after shipments are delivered
- Monitors prescription refills and requests refill authorization as needed
- Notifies you and your patients of any treatment challenges or refill issues
- Answers general questions your patients (or their Authorized Caregivers) may have (pharmacist available by phone 24/7)

\*The Pfizer Patient Assistance Program is a joint program of Pfizer Inc. and the Pfizer Patient Assistance Foundation. Free medications from Pfizer are provided through the Pfizer Patient Assistance Foundation. The Pfizer Patient Assistance Foundation is a separate legal entity from Pfizer Inc. with distinct legal restrictions. If patient has a Medicare Part D plan and is eligible for the Pfizer Patient Assistance Program, YourSource will notify patient's Part D plan of their enrollment in the Pfizer Patient Assistance Program.

<sup>†</sup>The Specialty Pharmacy does not replace the role of a patient's healthcare provider. Patients should talk with their doctor if they need guidance about their specific condition or overall health.

**“When I first enrolled, it was for the financial assistance,\* but even after that, they’ve done so much more to make sure I’m getting my medication and have support throughout treatment.”**

—Breneee

\*Subject to eligibility and certain terms and conditions (see page 7).

# ENROLLING YOUR PATIENTS

## Everything you need to enroll your patients

Download, complete, and sign the Prescription/Enrollment Form to prescribe Oxbryta® (voxelotor). Please discuss the enrollment process with your patients (or their Authorized Caregivers) so they know which portions of the Form they are required to complete for enrollment.

Your patients (or their Authorized Caregivers) must complete and sign the Patient Authorization Form to begin receiving support from YourSource. There are 2 ways to obtain patient authorization and consent:

- 1. In Person:** Have your patient complete and sign the Form in your office and submit it along with the healthcare provider portion of the Form by fax or mail
- 2. Remotely:** From the YourSource HCP Portal, email your patient a link to the Patient Authorization and Consent Form

## Pathways to enrollment

### YourSource HCP Portal

Enroll patients online at [YourSourcePortal.com](https://YourSourcePortal.com).

### Download/print/fax

Download the Prescription/Enrollment Form [HERE](#).  
Fax the completed Form to (888) 418-4178.

Scan/click to visit YourSource HCP Portal and start streamlining the enrollment process.

## 3 reasons to use the YourSource HCP Portal

- 1** Ensures that all required fields, signatures, and dates have been completed on the Prescription/Enrollment Form, thus minimizing back-and-forth calls and faxes with YourSource.
- 2** Improves the patient experience by providing quick access to the Patient Authorization and Consent Form and the **Pfizer Patient Assistance Program (PAP)** Application.
- 3** Transfers and tracks information between YourSource and your practice, allowing you to view up-to-date statuses of your Oxbryta patients from enrollment onward.

# YOUR PATIENTS' WAY TO FINANCIAL ASSISTANCE

We know at times patients may worry about paying for treatment. YourSource™ will work with your patients and their Authorized Caregiver to help explain their insurance benefits and determine which financial assistance options they may qualify for.

**Maya**

(not an actual patient)

Maya represents an eligible patient who is covered under her parents' commercial insurance, with a copay of \$80. Like more than 90% of commercially insured patients who use the YourSource Commercial Copay Program, her parents pay \$0 for her Oxbryta treatment.\*†

## Patients with commercial health insurance

If your patient has commercial, private, employer, or state health insurance marketplace coverage, they could pay as little as \$0 per month for Oxbryta® (voxelotor), with a maximum benefit of \$15,000 per calendar year.\*

The **YourSource Commercial Copay Program** provides financial assistance with out-of-pocket deductibles, copay, or coinsurance costs for eligible patients.\*†

\*Subject to eligibility and certain limits, terms and conditions, and annual reenrollment requirements.

†Patients will receive a maximum benefit of \$15,000 per calendar year. Patients are not eligible for the YourSource Commercial Copay Program if they are enrolled in a state- or federally funded insurance program, including but not limited to Medicare, Medicaid, TRICARE, Veterans Affairs healthcare, a state prescription drug assistance program, or the Government Health Insurance Plan available in Puerto Rico. For full terms and conditions, visit [YourSourceSupport.com](https://www.yoursource.com).

‡This is an example representative of YourSource data (November 2019–September 2022). Your patient may have a different experience based on their insurance coverage.

**Joshua**

(not an actual patient)

Joshua is an example of an eligible patient who is uninsured. He applied to and was approved for the Pfizer PAP for eligible patients and receives his Oxbryta treatment for free.\*§

**Kevin**

(not an actual patient)

Kevin represents an eligible patient who has a government-funded insurance plan. He applied to and was approved for the Pfizer PAP for eligible patients and receives his Oxbryta treatment for free.\*†§

## Patients who are uninsured

If your patient does not have health insurance, YourSource may be able to help them find programs that provide assistance. We'll check to see if your patient is eligible for a government program that can help pay for prescription medicines through Medicaid. If your patient appears to be eligible, we'll guide them on how to apply. We'll see if they're eligible to receive up to a 90-day supply of Oxbryta for free while applying for Medicaid.

If they do not qualify for Medicaid, they may be able to receive their medication for free for up to 1 year through the **Pfizer Patient Assistance Program (PAP)**.\*§

## Patients with government-funded health insurance

If your patient has Medicare/Medicare Part D, Medicaid, TRICARE, or another government insurance plan, YourSource may be able to help identify financial support resources. We can assist them with searching for financial support from alternate funding resources, which may include financial assistance through Extra Help, a Medicare Part D Low-Income Subsidy (LIS) program. If support from alternate funding resources or Medicare Extra Help is not available, we'll see if your patient is eligible for the **Pfizer Patient Assistance Program (PAP) for Free Drug**.\*†§

§The Pfizer Patient Assistance Program is a joint program of Pfizer Inc. and the Pfizer Patient Assistance Foundation. Free medications from Pfizer are provided through the Pfizer Patient Assistance Foundation. The Pfizer Patient Assistance Foundation is a separate legal entity from Pfizer Inc. with distinct legal restrictions. If you have a Medicare Part D plan and are eligible for the Pfizer Patient Assistance Program, YourSource will notify your Part D plan of your enrollment in the Pfizer Patient Assistance Program.

# YourSource ENROLLMENT

Once you and your patients have discussed how YourSource can be there for them:

- Complete all sections of the Prescription/Enrollment Form and sign/enter the date in the appropriate boxes
- Verify that patient's contact and insurance information is correct (you may also include a copy of your patient's insurance card with the Form)
- Provide all requested contact information for quick and efficient communication
- Make sure your patient, or their Authorized Caregiver, reads, signs, and dates the Patient Authorization and Consent Form. Once done, the Specialty Pharmacy and YourSource will continue ongoing contact with your patient to help address access and adherence challenges

**Contact your Access Navigator for more information**
